With Web.com Victory, Life Suddenly Changes For Mac

I see no 'Time Victory' option at all anywhere All I see is the 'Max Turns' option, which has always been turned off. The game will just be gone - You can't invite offline players, everyone has to be online at the same time to create an async game, which kinda ruins the point of async. This is a reminder that OS X 10.11.6 has entered the end of life stage as an operating system for World of Warcraft. - the game does not preserve turn history If you log off after your turn, you won't be able to see what everyone did during their turn when you log back on. Checked here on the forums, did a quick google, nothing showed up I am likely being very stupid and missing the option to turn it off somewhere in game, and I do hope that this is the case, because if not, I find it a major mistake to force us to play with it on. Just uncheck it and you should be fine Make sure as well that the enemy actually won a time victory and not another. The game will continue to run for a limited time, however we encourage you to upgrade your operating system to OS X 10.
